The notes on pages 5 to 6 form part of these financial statements.

Notes to the Financial Statements

1 The Fund

JF Provident US$ Money Fund (the "Fund") was established under a Trust Deed dated 31 August 2000, as amended, and is governed by the laws of the Cayman Islands. The Fund is authorized by the Securities and Futures Commission of Hong Kong.

The Fund is a feeder fund investing solely in the shares of JPMorgan Series II Funds – USD (the "Master Fund") which is managed by JPMorgan Asset Management (Europe) S.à r.l., a Connected Person of the Manager. The investment objective of the Fund is to provide investors with the opportunity to invest in short-term deposits and debt securities.

The investment objective of the Master Fund is to achieve a competitive level of total return in the reference currency of the Master Fund, with the preservation of capital and a high degree of liquidity.

The Fund offers two classes of units, administration units and investment units. All unitholders' rights with regard to the convening, voting or otherwise acting at any meeting of unitholders are the same.

2 Summary of principal accounting policies

(a) Accounting policies of interim financial statements

The accounting policies and methods of computation used in the preparation of these unaudited condensed interim financial statements are consistent with those used in the annual financial statements for the year ended 30 June 2011.

(b) Investments

Classification

The Fund classifies its investments as financial assets or financial liabilities at fair value through profit or loss. These financial assets or financial liabilities are held-for-trading as they are acquired or incurred principally for the purpose of selling or repurchasing in the near term or short-term profit taking.

Recognition, derecognition and measurement

Purchases and sales of investments are accounted for on the trade date basis. Investments are initially recognized at fair value and are subsequently re-measured at fair value. Realized and unrealized gains and losses on investments are recognized in the Statement of Comprehensive Income. Investments are derecognized when the rights to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

Fair value estimation

Investments in collective investment schemes are stated at fair value based on the net asset value per unit of the respective funds as determined by the administrators of the relevant funds.

(c) Foreign currency translation

Functional and presentation currency

The Fund has adopted United States dollar as its functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of assets and liabilities denominated in foreign currencies at period/year end exchange rates are recognized in the Statement of Comprehensive Income.

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the Statement of Comprehensive Income within "Net foreign currency exchange gains/losses". Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the Statement of Comprehensive Income within "Net gains/losses on investments".

(d) Proceeds and payments on allotment and redemption of units

The net asset value per unit is computed for each dealing day. The price at which units are allotted or redeemed is calculated by reference to the net asset value per unit as at the close of business on the relevant dealing day in accordance with the provisions of the Fund's Trust Deed dated 31 August 2000, as amended, which may be different from the accounting policies stated in the financial statements.

Units of the Fund are redeemable at the option of the holders of redeemable units and are classified as a financial liability in the Statement of Financial Position which represents the net assets attributable to holders of redeemable units (or "net asset value" or "net assets" or "NAV") and is carried at the redemption amount that would be payable at the Statement of Financial Position date if the holders of redeemable units exercised the right to redeem units of the Fund.

3 Number of units in issue and net assets attributable to holders of redeemable units (per unit)

	31.12.2011 Units	30.6.2011 Units
